

Abstract

Research Title : The Study of Colour Gamut of Inkjet Printing on Paper.

Author : Mr. Wat Ploysri

Year : 2013

.....

The objectives of this project were 1) to construction Construction test print form. (test-form) is used to inkjet printing. 2) to study of colour gamut of inkjet printing on paper. The research to study 2 type inkjet printing such as bubble and piezoelectric. The papers in research Include 3 type paper such as printing paper 70 gsm, gloss coated paper is 130 gsm. and matt coated on 130 gsm. While did research must control scope of research to same variable. The results appear colour printing values on paper from inkjet printing of 3 type paper to different colour printing values but can not separate different colour by eyes.
